

Section 3

Chapter 11 - Videogames, Apps And Education In The Field Of Pre-Primary And Primary Education

Exemplary case 3

Title: **AUDITORIX**

Link: www.auditorix.de

Description:

AUDITORIX is an initiative of the German Federal Association INITIATIVE HÖREN e.V. and the regional office for Media NRW. The goal is a target-oriented hearing and listening training for children. They offer a hearing studio as software and online, a seal of quality for audio books, a program of further education, learning games, study units and many more information and tools about music, sounds and instruments.

Study Unit: 'What the ear is able to do' –

http://auditorix.de/fileadmin/erwachsene/media/00_hoeren_3_komplett.pdf

This is a study unit with study material and didactical suggestions to explore the abilities of the human ear. The goal is to learn how important it is for our daily life and how the child can activate and train it. It is accompanied with in class and online games.
